</tr>
<tr>
<td>Down Reach from level surface</td>
<td>71/21.6</td>
</tr>
</tbody>
</table>

### VEHICLE INFO

For more specific vehicle options, capabilities, and dimensions please contact one of our specialists at:

Todd@bridgemastersinc.com or call 1.888.851.0744

---

The advanced counterweight system automatically deploys to the opposite side of the extended crane during operation, and eliminates the need for outriggers.

The microprocessor control system graphically displays unit operation, performance, and parameters, with wireless controls located at two stations.

An on-board generator and compressor provide a platform-accessed electrical outlet, heaters, floodlights, a remote control, a 12-volt intercom, and air lines.
